Why You Shouldn't Call the Police Pigs

Pigs mind their own business	Cops don't
Pigs have curly tails	Cops have guns, capsicum gas, boots, fists . . .
Pigs are very intelligent creatures	Cops have animal cunning, but are basically fucking stupid
Pigs shit in their stalls	Cops shit on the people
Pigs grunt when they're happy – like when they've been fed	Cops grunt when they're happy – like when they're beating someone up.
Pigs are our friends	Cops are our enemies.

Police – calling them pigs is an insult to pigs
 (we recommend you call them filth)
